LECH AM ARLBERG COUNTS AMONG THE WORLD'S BEST SKIING REGIONS AND OFFERS UNSURPASSED QUALITY TO WINTER SPORTS AFICIONADOS.

WINTER ACTIVITIES

The perfectly prepared slopes of the extensive skiing area are a paradise for outdoor enthusiasts trying to set a new speed record on the ski run, though sometimes it is well worth pausing for a moment to take in the natural beauty of the region.

From November to April, the renowned Arlberg region becomes a winter wonderland attracting skiers, snowboarders, ski tourers, cross-country skiers and free riders from far afield. With its 305 kilometres of ski runs, Lech Zürs is Austria's largest interconnected skiing area. On top, 200 kilometres of alpine deep powder runs allow you to explore the entire off-pisteterrain in the Arlberg region. Innumerable pristine deep snow slopes, cliffs and channels await free riders.

SKIING & SNOWBOARDING

Glorious sunshine, clear blue skies. Perfectly groomed slopes and the white mountains in the background. A quick look to confirm: The slope is free – and so is your mind.

From gentle descents for beginners to steep runs for experienced skiers – Lech Zürs offers the right challenge for skiers of any level. The Arlberg region encompasses 305 kilometres of ski runs, making it the largest interconnected skiing area in Austria and the fifth-largest ski resort in the world.

THE WHITE RING

Comprised of six ski runs and seven ski lifts, the most legendary skiing circuit in the Alps has connected Lech with Zürs, Zug and Oberlech for more than 60 years. On the so-called White Ring skiers tackle around 22 kilometres of slopes and overcome 5,500 metres of altitude on a half-day sporting challenge.

HELISKIING

Crouched in the snow, the roaring noise gets louder and louder before the helicopter finally takes off and disappears. All that's left is silence and stirred-up snow in the air. While the snow powder in the air vanishes, the silence remains – and the deep snow adventure begins. Lech Zürs is the only place in Austria offering heliskiing.

WINTER HIKES

Snowshoe hikes:

- Lech – Omesberg – Zug – Älpele
- Lech – Oberlech – Tannegg (Skyspace) – Petersboden mountain terminus – Kriegeralpe
- Lech – Oberlech – Tannegg (Skyspace) – Gaisbühelalpe

CROSS-COUNTRY SKIING

Freeing your mind, inhaling the fresh mountain air or getting your daily dose of sports – if you're trying to achieve any of these goals during your stay in Lech Zürs, you should definitely do so on cross-country skis. More than 27 kilometres of groomed, free of charge cross-country trails serve as the perfect venue for training and extensive exercise.

HORSE-DRAWN SLEIGH RIDE

Take a ride to Zug on the horse-drawn sleigh to enjoy a relaxed restaurant dinner.

Älpele: a traditional inn offering regional specialties.

Klösterle: a restaurant inspired by the culinary riches of the Austrian Alps.

SNOWCAT

Every evening, huge snowcats capture the slopes that have been left bumpy by the many skiers to transform them into a flawless white carpet.

Take advantage of the opportunity to hop onto one of the powerful 500-horsepower machines for a first-hand experience of the work done by the 'heroes of the night'.

TOBOGANNING & MINIBOB

The minibob, also known as 'Zipflbob' or 'Zipfybob', is a tobogganing device invented by Johann Uttenthaler and Siegmund Loeger in 1969. The minibob is based on a coal shovel that was used to slide down the snow handle first. The current speed world record (2009) in a Zipfelbob race is 157.34 km/h.

Grab a Zipfelbob and hit the slopes right in front of Chalet N to enjoy this unique experience. Sledging fun at your own risk.

TANDEM FLIGHTS

How amazing it must be to be able to glide through the air and admire the stunning Arlberg region with a bird's eye view. A tandem flight with a paraglider is certain to provide you with the most incredible experience.

ICE-SKATING

More than just skating on ice, this experience allows you to savour the moment with all your senses. The natural ice rink in Zürs is the perfect place to enjoy the fresh air and nature to the fullest, as well as to indulge in a cup of hot sweet punch accompanied by the right tunes.

But the natural ice rink in Zürs is not the only attraction. The ice rink in Jagdhaus Monzabon in Lech is the world's only air-conditioned hotel indoor ice rink – perfect if you want to escape from a blizzard or the icy wind.
